# Health Care For Homeless Veterans Grant and Per Diem

Contract Emergency  
Residential Services &  
Transitional Housing

U.S. Department  
of Veterans Affairs

## Health Care For Homeless Veterans (HCHV)

### Emergency Housing

The Health Care for Homeless Veterans (HCHV) program provides emergency housing for homeless Veterans at a non-VA community based facility. While in the program Veterans receive case management, treatment, and recovery services to aid with searching for permanent housing. HCHV provides services to single men, women, and families with children. There is no program fee, but Veterans may be asked to save a portion of their income to help secure permanent housing.

## Grant And Per Diem (GPD) Transitional Housing

The Grant and Per Diem (GPD) program provides transitional housing and supportive services for homeless Veterans at a non-VA community agency. Supportive services include case management, financial planning education, crisis intervention, counseling, and group activities. GPD serves single male and female Veterans. Veterans who have income may be expected to contribute up to 30 percent of their income as a program fee. GPD programs are operated by community based organizations and function independently from the VA.

## GPD-Transitional Housing

Please call programs directly for quickest admission. Space is limited and waitlist is managed by each program independent of the VA.
