

Strategic Planning Feedback

Please join us as we embark on our Fiscal Year 2013-2015 Strategic planning process. The VA Palo Alto Health Care System Strategic Plan helps shape the path we as an organization will follow to improve our services, processes and deliver the highest level of quality care to Veterans.

Your input on where our organization should focus our energy, resources and efforts is extremely important. Please take this opportunity to provide input on what you think VAPAHCS’ priorities should be for the next three years and provide input on a VAPAHCS motto.

Strategic Priority Submission: For each priority submission, please select a category under which the priority would fall (Satisfaction, Innovation, Efficiency, Access, Quality, Safety, Other). Then, please provide a title and short description of what the priority would be.

Please email submission to [Katelin Haver](#), Strategic Planner.

Please select a category from the drop-down menu and enter a title and description in the fields below.

If you selected 'Other', please explain:
